Gina,

Please closeout Action Item 05-202 (as well as any other, related tracking items in this matter). I had previously proposed that the item be closed back on July 28, but was asked by Marc and Randy to keep the issue open awhile longer in the event that one of the above three Congressmen had further questions in this matter.

My discussions with Raeanne Shane earlier this afternoon indicated that she has not received any calls in this matter and considers our commitments to the Congressmen to be satisfied. Since the Seabrook enforcement action has been issued for a week as of today, I recommended to Randy that we close the issue - He was okay with this plan. We can open another action item if we receive a future inquiry from Markey, Meehan & Tierney in this matter, but at this late date, it appears to be a closed issue with these three representatives.

Please use the attached documentation, as well as the Seabrook Enforcement action, to close out this issue. **Thanks!**

Marc,

Based on this feedback from Raeanne, I would like to close RA Action Item 05-202, as well as modify the proposed input on the August Road Map report, regarding the above matter. Thanks!

Rich:

I did not get any feedback or questions from any of the offices that I spoke with yesterday. I had to leave a voice mail for Congressman Markey and Tierney's staffers and Meehan's guy is new.....but he did not have any feedback or questions. I spoke with all the NH staffers and none of them had anything to say except "thanks" and "glad it's coming to an end." I think that the comments in the press may have come from a Congressman at the State level.

I would recommend that we consider the matter closed.

Thanks,
Raeann

Raeanne,

I have an open action to close the loop with Congressman Markey, Meehan and Tierney on the Seabrook enforcement action. Based on your notifications to their offices yesterday, as well as the information you provided by fax and/or E-mail, it is my understanding that we are done in this matter.

Did the Congressmen or their staff ask for any follow-on information in this matter, or can I close out this issue in our tracking system? My bosses want to make sure that we have provided to the Congressmen every thing they need and have been promised. Thanks!

So far, the press has been light on this topic, but some of the newspapers in the Seabrook area come out in the afternoon. I understand that one Congressman stated that the fine in this matter was too small.
