I have finished six (attached). I am available to review start another file today if you have one available.
 Let me know!

 Eileen & Scott,

I have received several inquiries while you both were out about the status of transcript reviews.
 I have given those individuals (most [REDACTED] for Randy Blough but also [REDACTED])
 only estimates:
 I have completed 4 [REDACTED]
 I said Gil has completed at least 4 (I don't know who).
 I said there were about 30 total interviews so far.
 I also said that we would probably have all 'available' transcripts reviewed by 1/16/04.

I have the following transcripts for my near-future review:

I have attached the Interview Summary with the following requests:

- 1) It be updated to indicate all interviews done so far.
- 2) I request that we use this to track how we are progressing with the transcript review.
- 3) I also want to let all those who are performing reviews know what has been done already to avoid duplication of effort.

Gil, please feel free to update the file and return it via email to me.

Thanks,
 Ted
