Kymn,

In response to your questions:

The letter was faxed to us by PSEG on 2/27/04; a hard copy mail version will follow. While it is in a graphic (non-text) form, the faxed version of the letter is in the public record (ADAMS) at the following Accession Number (ML040580600). I know there is a way to access the record as a member of the public electronically via ADAMS, but I'm not well versed on how it is done. I think Dave Lochbaum has accessed documentation via ADAMS, so confiding in him may be your quickest route to getting the info. Otherwise, I will try to obtain instructions for you on how to access ADAMS as a member of the public.

To my knowledge at this moment, I don't think there is an intent to send a preliminary response to PSEG.

FYI, I have heard that a tentative date for the meeting is 3/18/04, possibly at a location in the town of Salem. I will let you know as things firm up. Are you planning on attending? I wasn't sure.

Dave,

Do you have an electronic version of the 2/27 letter?

How was the letter delivered?

Will there be any NRC response in writing before the public meeting?

Please advise when a date/time for the public meeting is scheduled.

Thank you,

Kymn

p.s. I will be sharing the letter with Dave Lochbaum and my attorneys.

Please see the attached questions from the allegor. I should probably get back to her today. Based on my knowledge so far, I am assuming:

1. All we have received so far is the faxed version of the PSEG 2/27/04 letter, and that when we do get the official version, it will not be in electronic form, and;
2. We are not planning on sending PSEG an interim response in advance of the meeting.

Please get back to me as soon as possible with the answers to these questions. Thanks.

1. The mailed copies of Ferland's letter were received mid-day on Monday. The letter was placed in ADAMS under accession no. ML040580600. I'm unaware of any other electronic version.

2. I am unaware of any NRC effort to provide an interim response prior to the meeting.
