Dear Ms. Irons and Mr. Cushing,

On behalf of my family, neighbors and our many friends that use our Lake Anna shoreline homes, we have attached a letter to you regarding two serious concerns with the North Anna Early Site Permit on Lake Anna Cooling Lagoons.

Thank you for your time in addressing resident's concerns.

Pete and Kathleen Dorn

Subject: Concerns Re North Anna Early Site Permit

Dear Ms. Irons and Mr. Cushing:

Since purchasing our Jerdone Island Subdivision home on Lake Anna in 1985 (242 Moody Creek Road, Bumpass, Virginia), my wife and I have raised five children and seven grandchildren on Lake Anna's warm shoreline. Our Real Estate and Capitol Hill Consulting business offices (Dorn and Associates, LLC & PKDorn and Associates, Inc.) are also located lakefront (570 Busbees Point Road in Bumpass, Virginia). In general, we are very supportive of nuclear-produced electric power on Lake Anna.

On behalf of my Lake Anna family, neighbors and our many friends that use our shoreline homes, we have two serious concerns with the North Anna Early Site Permit on Lake Anna Cooling Lagoons:

- (1) Insure that the Lake Anna cooling lagoon residents are provided the same protections for health, safety, welfare and water quality that are provided the Lake Anna users on the main reservoir.

- (2) Limit water temperatures to no greater than 104 degrees F at the end of the discharge canal to comply with U.S. Safety Commission and Virginia Department of Health.

Thank you for addressing our concerns.

Sincerely,

A handwritten signature in blue ink, appearing to read "Pete & Kathleen Dorn". The signature is fluid and cursive, with the names connected together.

Pete and Kathleen Dorn
