Dear Mark,

Yes, you need to round down. If you advise which of the isotoppe weights can be changed to make the total U-235 equal 1,251 or less, we can write the correction on the Form 7.

Thank you,
Janice Owens

Dear Janice,

I understand there is a question on the rounding of the isotope weight. In the calculations we had rounded up to the next whole number - but, we don't have a problem if this needs to be rounded down.

Please let me know if you'd like me to do anything - or if you can modify it yourself.

Best Regards,
Mark Lambert
