Subject: March 28 speech

Randy,

After I get some sleep, I will send you the version of the talk I delivered today re. PSEG. It has a few, relatively minor, changes from Friday's draft.

A short clip was on the 6 p.m. ABC local news and a longer clip was on the 10 p.m. Fox News program this evening.

When I send you the final version tomorrow, I will be asking that it be posted on the NRC website as a response to PSEG's public meeting.

Thank you.

Kymn
