SUBJECT: MAINTENANCE OF DOCUMENTS AT THE BURKE COUNTY LIBRARY
RELATED TO APPLICATION BY SOUTHERN NUCLEAR OPERATING
COMPANY FOR AN EARLY SITE PERMIT FOR THE VOGTLE SITE

Dear Ms. Jackson:

This letter is to confirm the arrangements that we discussed on March 22, 2006, concerning the maintenance of documents in the reference section of your library. These documents are related to the U.S. Nuclear Regulatory Commission (NRC) staff's review of the application by Southern Nuclear Operating Company (SNC) for an early site permit at the Plant Vogtle site. The staff expects that the SNC application will be docketed in September of this year and will consist of approximately four three inch binders. Over the 33 month period of the review, the volume of documents and related correspondence is expected to fill about one three foot shelf.

After the NRC receives the application, electronic versions of the documents will also be available at the NRC's Public Document Room and in the Public Electronic Reading Room, accessible through the NRC Home Page (<http://www.nrc.gov>).

We appreciate your willingness to assist the public in participating in the review process for the Plant Vogtle early site permit. We will place the Burke County Library on our distribution list for documents and notices related to the SNC application for an early site permit at the Plant Vogtle site.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at 301-415-3053 or Cristina Guerrero at 301-415-2981. You may also e-mail us at mdn@nrc.gov or cxg3@nrc.gov.

Sincerely,

/RA/
