

August 10, 2006

LICENSEE: Amergen Energy Co., LLC.

FACILITY: Oyster Creek Nuclear Generating Station

SUBJECT: SUMMARY OF PUBLIC MEETINGS ON THE DRAFT SUPPLEMENTAL ENVIRONMENTAL IMPACT STATEMENT REGARDING OYSTER CREEK NUCLEAR GENERATING STATION LICENSE RENEWAL REVIEW (TAC NO. MC 7625)

On Wednesday, July 12, 2006, members of the U.S. Nuclear Regulatory Commission (NRC) staff held public meetings in Toms River, New Jersey, concerning the staff's environmental review of the application submitted by AmerGen Energy Co., LLC. for renewal of Oyster Creek Nuclear Generating Station's (OCNGS) operating license. The purpose of the meetings was to provide the public with an opportunity to comment on the draft supplemental environmental impact statement (DSEIS) which was issued in June 9, 2006. The public meetings were held at the Toms River Quality Inn, in Toms River, New Jersey. Formal presentations were made by the NRC staff and the Argonne National Laboratory (ANL) staff.

The DSEIS is a plant-specific supplement for OCNGS to the "Generic Environmental Impact Statement for License Renewal of Nuclear Plants" (NUREG-1437). The NRC staff described the overall license renewal process, provided a description of the National Environmental Policy Act review process, and discussed the environmental requirements outlined in Title 10 of the Code of *Federal Regulations* Part 51 (10 CFR Part 51). The NRC staff also described the preliminary results of their analyses. The environmental impacts of continued operation and the no-action alternative were predicted to be SMALL in all areas. The impacts of alternatives were predicted to have impacts in some environmental aspects that could reach MODERATE or LARGE significance.

After the formal presentations were given by the NRC staff, members of the public were invited to provide comments. Approximately 100 people attended the two sessions. Attendees included members of the public, representatives of the NRC, representatives of state and local government, non-profit organizations, Exelon, AmerGen, and the news media.

In an effort to improve communication and increase interaction with members of the public, the NRC staff conducted an open house for one hour before each meeting and encouraged the public to submit meeting feedback forms. The staff provided displays and brochures and met with members of the public to answer questions about the proposed renewal of the Oyster Creek operating license.

A combined listing of attendees for both sessions is provided in Enclosure 1. Enclosure 2 is a copy of the meeting handouts. Enclosures 3 and 4 contain the official corrected transcripts for the afternoon and evening meetings, respectively. Enclosure 5 contains a copy of the slides used during the NRC's presentation.

The closing date to accept comments on the Oyster Creek DSEIS is September 8, 2006. The NRC staff will consider all comments on the Oyster Creek DSEIS and make any necessary revisions to the document prior to issuing its final supplemental environmental impact statement, scheduled for January 2007.

**AGENDA FOR PUBLIC MEETINGS TO DISCUSS
THE DRAFT SUPPLEMENTAL ENVIRONMENTAL IMPACT STATEMENT FOR
THE LICENSE RENEWAL OF OYSTER CREEK NUCLEAR GENERATING STATION**

JULY 12, 2006

Two Identical Sessions - 1:30 p.m. to 4:30 p.m. and 7:00 p.m. to 10:00 p.m.*

- | | |
|---|-------------------------|
| I. Welcome and Purpose of Meeting | 10 minutes (F. Cameron) |
| II. Overview of License Renewal Process | 10 minutes (M. Masnik) |
| III. Results of the Environmental Review | 30 minutes (K. LaGory) |
| IV. How Comments can be Submitted | 5 minutes (M. Masnik) |
| V. Public Comments | 2 hours |
| VI. Closing/Availability of Transcripts, etc. | 5 minutes (F. Cameron) |

*The NRC staff will host informal discussions one hour prior to each meeting session. No formal comments on the Draft Supplemental Environmental Impact Statement (DSEIS) will be accepted during the informal discussions. To be considered, comments must be provided either at the transcribed public meetings (see agenda, above) or in writing, as described in the

Enclosure 2

attached *Federal Register* notice.

Enclosure 2

Welcome to the NRC's Open House
Associated with the Environmental Review for the proposed
License Renewal of Oyster Creek Nuclear Generating Station

This open house is intended to provide an opportunity for interested members of the public and staff from other Federal, State, and local agencies to interact with the NRC staff in an informal information exchange.

The NRC is gathering information necessary to prepare an Supplemental Environmental Impact Statement (SEIS) to the Generic Environmental Impact Statement (GEIS) for License Renewal of Nuclear Plants, regarding the proposed renewal of the operating licenses for Oyster Creek Nuclear Generating Station. Please note that if you wish to provide formal comments regarding the draft Supplemental Environmental Impact Statement (DSEIS) to the GEIS, they must be presented at today's transcribed public meeting, or provided in writing or by e-mail by September 8, 2006. Comments received after this date will be considered if it is practicable to do so, but the NRC staff is able to assure consideration only for comments received on or before this date. Written comments on the DSEIS should be sent to:

Chief, Rules and Directives Branch
Division of Administrative Services
Office of Administration
Mailstop T-6D 59
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555-0001

Comments may be hand-delivered to the NRC at 11545 Rockville Pike, Rockville, Maryland, between 7:45 a.m. and 4:15 p.m. on Federal workdays. Submittal of electronic comments may be sent by e-mail to the NRC at OysterCreekEIS@nrc.gov.

Thank you for your participation.
