Dear Mr. Jacobs:

On behalf of the U. S. Nuclear Regulator Commission's Office of State and Tribal Programs (STP), I would like to formally thank you for the effort and hard work put into the development of the Increased Controls (IC) Toolbox option on the STP web site. We are greatly appreciative of the expeditious response by Ms. Gloria Caton and her staff which allowed the IC Toolbox to become operational in such a short period of time, relative to the initial request. The Oak Ridge National Laboratory (ORNL) staff continue to be of great service to STP in the ongoing development and maintenance of the web site. We value ORNL's assistance and contributions toward this endeavor and look forward to seeing the goals of the IC Toolbox come to fruition. If you have any questions regarding this correspondence, please contact Mr. Joshua Palotay of my staff at 301-415-6231 or via email at JXP5@NRC.GOV.

Sincerely,

/RA/

Janet R. Schlueter, Director
Office of State and Tribal Programs
