Dover, DE 19901

SUBJECT: INSPECTION 03007565/2005001, BAYHEALTH MEDICAL CENTER

Dear Mr. Klima:

This letter refers to your August 14, 2006, correspondence, in response to our July 13, 2006, letter. Thank you for informing us of the corrective and preventive actions documented in your letter. Based on the telephone conversation of August 21, 2006, between Heather Jones of your organization, and Richard McKinley and Donna Janda of NRC, it is our understanding that the full compliance date of October 18, 2006, is actually a typographical error and should be October 18, 2005. It is also our understanding that the key card access and double lock for the source are already installed, and that a surveillance camera for nuclear medicine is planned. If your understanding differs from ours, please call Richard McKinley at (610)337-5102. These actions will be examined during a future inspection of your licensed program.

Your cooperation with us is appreciated.

Sincerely,

Original signed by Pamela J. Henderson

Pamela J. Henderson, Chief
Medical Branch
Division of Nuclear Materials Safety
