Amendment No. 16

- C. Sealed sources need not be tested if they are in storage and are not being used. However, when they are removed from storage for use or transferred to another person, and have not been tested within the required leak test interval, they shall be tested before use or transfer. No sealed source shall be stored for a period of more than 10 years without being tested for leakage and/or contamination.**
- D. The leak test shall be capable of detecting the presence of 0.005 microcurie of radioactive material on the test sample. If the test reveals the presence of 0.005 microcurie or more of removable contamination, a report shall be filed with the U.S. Nuclear Regulatory Commission in accordance with 10 CFR 30.50(b)(2), and the source shall be removed immediately from service and decontaminated, repaired, or disposed of in accordance with Commission regulations. The report shall be filed within 5 days of the date the leak test result is known with the U.S. Nuclear Regulatory Commission, Region III, ATTN: Chief, Nuclear Materials Safety Branch, 2443 Warrenville Road, Suite 210, Lisle, Illinois 60532-4352. The report shall specify the source involved, the test results, and corrective action taken.**
- E. Tests for leakage and/or contamination, including leak test sample collection and analysis, shall be performed by the licensee or persons specifically licensed by the U.S. Nuclear Regulatory Commission or an Agreement State to perform such services. .**
- F. Records of leak test results shall be kept in units of microcuries and shall be maintained for 3 years.**
13. Licensed material shall not be used in or on human beings or in field applications where activity is released except as provided otherwise by specific condition of this license.
14. This license does not authorize commercial distribution of licensed material.
15. The licensee shall maintain records of information important to safe and effective decommissioning at 11542 Fort Mims Drive, St. Louis, Missouri per the provisions of 10 CFR 30.35(g) until this license is terminated by the Commission.
