<p>Name of Licensee: Delaware Spect Imaging Center, LP</p> <p>Name of Participant(s): Sharon Roth</p> <p>Telephone No. 302-737-1600</p> <p>Subject: RAI, RSO Qualifications <small>(NOTE: This will be used as the Documents Title in ADAMS)</small></p>		
<p>Summary: I talked to Ms. Roth about Dr. Paul J. Alfieri did not submit information that demonstrated that he was qualified to be a Medical RSO. Since he is not currently an authorized user on the license, he may not become an RSO under that provision of 10 CFR 35.50. I asked if he met any other criteria but she discussed it with Dr. Alfieri and it was decided to just add him on the license as an authorized user and Dr. Edell would remain as the Radiation Safety Officer.</p> <p style="text-align: right;">I also had discussed that future amendment requests should be signed by management.</p>
