**SUBJECT: REPLY TO A NOTICE OF VIOLATION DATED AUGUST 16, 2006, INPSECTION
03019515/2006001 LICENSE NO. 06-19909-01**

Dear Madam/Sir:

We are in receipt of your letter of violation and would like to assure you that we are doing everything possible to remedy this situation. All of our inspectors at our Milford location have received their HAZMAT/DOT training and have obtained their respective certifications. In addition, your inspector Orysia Bailey followed up with me last week and wanted to know if these deficiencies were resolved and I re-assured her that it has. She said that she would be closing out her report. Bryan Kearns who is in charge of our Eagleville office is promptly working to have the inspectors at that office HAZMAT/DOT trained. He will have this accomplished by the beginning of September.

Sincerely,
Materials Testing, Inc.

Karl Hernandez
Quality Manager
