**PROGRAM SCOPE**

Small industrial radiography licensee. Ken Cain is President and is co-owner with Jerry Thompson who is the RSO. There are 5 radiographers and 4 assistant radiographers. The licensee uses 5 SPEC 150 cameras. 60% of the work done is conducted in Montana with the other 40% done in North Dakota. No work is done in South Dakota. Annual audits are done routinely in the spring. The licensee uses an array of survey meters, alarming rate meters and personnel ionization chambers all calibrated at the appropriate frequency. One source (G-60) was replaced in June 2006. Leak test were done at the appropriate frequency and were current. Workers are trained annually. HAZMAT refresher training was done in 2005 and will be due August 2008. No violations noted for the safety portion of the inspection.
