Mr. Raymond Powell:

FOIA Request for Pilgrim Nuclear Power Station's Completed Groundwater Protection Data Collection Questionnaire

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, we hereby request a copy of the Pilgrim Nuclear Power Station's Completed Groundwater Protection Data Collection Questionnaire referred to by Entergy's representative during the August 10, 2006 Meeting with NEI to Discuss Radioactive Liquid Discharges From Nuclear Power Plants.

We are requesting this information on behalf of Pilgrim Watch. We ask that you waive all search and duplication fees. As you know the FOI Act provides for such a waiver if disclosure could be considered as "primarily benefiting the general public." Pilgrim Watch is a public interest group, focusing on issues relating to Pilgrim as they impact public safety. In addition, Pilgrim Watch has filed a Motion to Intervene in Pilgrim's re-licensing and one of our contentions concerns groundwater contamination. We request that this information be emailed or faxed immediately. Postage fees will not exist.

We expect all of this information to be nonexempt, and ask that you list any deleted information and justify any deletions by reference to specific exemptions of the Act.

Thank-you for your assistance, and we look forward to receiving your reply within 10 business days, as required by law or preferably sooner.

Mary Lampert

Subject: Document Request

Ms. Lambert:

I regret to inform you that the Pilgrim Resident Office cannot fulfill your most recent document request. As has been previously communicated, the appropriate method for obtaining publicly available documents is through the NRC's Public Document Room or the Agencywide Documents Access and Management System (ADAMS). Alternatively, you may contact the licensee directly.

Respectfully,

Raymond J. Powell
