Dave,

I appreciate the conversation we just had and your solicitation of "Best Practices" in this arena from others who have dealt with South Texas, WB, Zion, etc.

In case you have any interest in soliciting "wisdom" from outside the NRC, I offer my permission to have you speak with Dave Lochbaum. I believe he has the best interests of the public and the industry at heart. I don't know if NRC policy will allow you to do this, but I wanted to make the offer.

Thank you,

Kymn
