Subject: PSEG *7C*

Dave and Eileen,

I received a call from a PSEG employee expressing concern about two things: the increasingly negative trend of 24 OSHA recordables at the site this year and a notification written yesterday by [REDACTED] *7L* that details the lack of training for SORC members. The latter raises questions as to whether or not current SORC members meet the regulatory requirement to fulfill their responsibilities, including nuclear safety matters.

I urged this person to contact you or the Resident. He said he would do so.

Kymn
