Some additions that might be helpful from my talk with the allegor on 2/19:

The allegor is to be listed for what was termed a "TMI rally in Salem" only as a "PSEG Whistleblower-Invited", and the allegor's name will not be disclosed until 3/28. The allegor is preparing a keynote speech and expects to make a compelling case for resignations of PSEG officials; the NRC to not allow the plants to operate and to encourage workers not to do anything unsafe. Again, the NRC will be given an advance copy.

The allegor discussed the detailed results of the latest Synergy survey and a concern that the company will not be willing to share the results. The allegor noted that R. Anderson rated the entire site higher than anybody which indicated to the allegor a "gulf" and the allegor pointed to his recent "discipline" letter as exhibiting his lack of understanding.
