SUBJECT: WHITTAKER SITE, VOIDANCE OF APPLICATION FOR LICENSE
AMENDMENT, CONTROL NO. 139281

Dear Mr. Taylor:

This concerns the subject application for an Amendment to your material license, and our telephone call of September 11, 2006. During that call you stated that you expected to submit the Whittaker Site Decommissioning Plan (DP) to the NRC within several weeks. You also stated that the information in the above license amendment request relative to the actual sampling locations and dose analysis for the excavated pit in the southern end of Section 2 of the Whittaker Site could be included in the DP, making this amendment request unnecessary. Therefore, since you stated that you will include this information in the DP, we have voided your application. This action is taken without prejudice to the resubmission of your request.

Sincerely,

Original signed by James Kottan
