September 19, 2006

Mr. Tom Shultz
Lewis Environmental
455 Railroad Plaza
Royersford, PA 19468

SUBJECT: U.S. NUCLEAR REGULATORY COMMISSION (NRC), REGION I
LABORATORY

Dear Mr. Shultz:

Region I, NRC, contracted the Oak Ridge Institute of Science and Education (ORISE) in Oak Ridge, Tennessee, to conduct a radiological survey of the Region I Laboratory, including the exhaust vents. The radiological survey was conducted on March 1, 2006. ORISE performed surveys for radioactive contamination by surveying with a radiation detection meter and by taking smear samples for detailed analysis at their laboratory. The results of all the surveys indicated no residual radioactivity.

Thank you for your cooperation.

Sincerely,

/RA/

Pamela J. Henderson, Chair
Radiation Safety Committee
Region I
