SUBJECT: PROPOSED BOROUGH OF CANONSBURG, PA STABILIZATION OF A
PORTION OF THE CHARTIERS CREEK STREAM BANK AT THE
CANONSBURG, PENNSYLVANIA UMTRCA TITLE I DISPOSAL SITE

Dear Mr. Craig:

The Nuclear Regulatory Commission (NRC) has evaluated the Department of Energy's (DOE's) October 2, 2006, request for concurrence concerning the proposed Borough of Canonsburg, Pennsylvania stabilization of a portion of the Chartiers Creek stream bank at the Canonsburg, Pennsylvania Uranium Mill Tailings Radiation Control Act (UMTRCA) Title I disposal site. Based on the information supplied by the DOE to NRC staff during the September 20, 2006, inspection of the Canonsburg site, NRC staff has concluded that the proposed work will not impact either the Canonsburg disposal cell or Area B contaminated material that was left in place during construction of the disposal cell. Consequently, NRC staff concurs that a permanent easement to construct and maintain the proposed Chartiers Creek stream bank stabilization project should be granted.
