

**PRM-51-11
(71FR67072)**

From: Carol Morrison <carol.morrison@uvm.edu>
To: <SECY@nrc.gov>
Date: Tue, Jan 23, 2007 8:36 AM
Subject: PRM-51-11

NRC:

Please approve this petition for rulemaking which would improve radiation protection standards at older reactors. Current rules for low level radiation standards do not take into account the more vulnerable members of the population, especially infants and children who are at far greater risk of cancer from exposure to radiation than adults. Inhaling or ingesting radionuclides is also carcinogenic and should be taken into account as a risk factor in nuclear reactors.

Thank you,
Carol Morrison
