Attn.: Rule-makings and Adjudications Staff,

We wholeheartedly support every point in the Massachusetts Attorney General's August 25, 2006 Petition for Rule-making. The impact on the environment of high density spent fuel storage pools must be prioritized in any consideration of relicensing the Pilgrim and all other nuclear power plants. We are alarmed that the present rules do not in any way protect those of us who live on Cape Cod, downwind from the Pilgrim plant. We insist that the Attorney General's Petition be accepted and the changes listed in it be incorporated in your rule-making.

Sincerely,

David E. Lilienthal, Jr.
