Subject: Comments regarding Massachusetts Attorney General's rulemaking to Amend 10 CFR Part
Docket NO PRM-51-10

Date: March 19, 2007

I support the MA Attorney General's petition for rulemaking to rescind the NRC's finding that environmental impacts of spent fuel storage are insignificant.

I support all of the petitions request, which you have access to, therefore i shall not reiterate. The Attorney General requests the revocation of 10 C.F.R.51.53(c)(2) and 51.95(c) and TABLE B-1 Of appendix ato 10 C>F>R> Part 51 to encure NEPA compliance in the Pilgrim and Vermont Yankee license renewal cases of the ASLB or the commission interprets those regulations to bar the consideration of insignificant new information presented by the Attorney General's contentions regarding the environmental impacts of high-density pool storage of spent fuel. Citizens Awareness Network, of which I am a member, supports this revocation.

Thank you for your consideration. This is critical for this and future generations. I commend the Massachusetts Attorney General for these strong, knowledgable, and admirable eforts on behalf of our environment.

*Thank you, Holly, for your assistance in this matter.
I have been having difficulty submitting the comment copied below re
Docket No. PRM-51-10.

I attempted to register this letter in the public comments section in
the appropriate place on your website yesterday, the last day for the
comments to be received. I could not do so as I have openoffice.org
(*.sxe, *.stw, *.sxc, *.stc), and they were not choices to submit with
when I had to browse to submit.

I emailed the letter as an attachment and copied in the email to
SECY@nrc.gov but my email indicates that it was not sent. I may have
accidentally deleted an error message yesterday re that email as I was
very involved in work regarding a meeting last night and emailing many
people at once.

I have been working to find out how to convert my letter to a Word
document, but have been unable to do so.

this problem may have just given up. With your help, I am persevering.
I include the document as an attachment, and also have copied it below.

when I went to copy from the attachment above, I learned
"OpenOffice.org 2.0 (default) if that is any ,help in solving this problem.
Thank you very much for your very kind assistance. Please inform your
supervisor of my commendation with this email, or they can call me at

I am forwarding to you an e-mail I received from a woman I've been working with (over the phone) since Monday. She had been having quite a bit of difficulty using our Web form to submit a comment on a petition for rulemaking. Her troubles are outlined in the attachment. Is it possible for you to accept this comment dated on March 19th, but not received until the 21st? (The deadline was the 19th.) If you can let me know if that is acceptable, I will respond to the woman.

(Her e-mail back to me was in response to me sending her an e-mail that she could respond to, as she was also having difficulty sending e-mail to the correct address.)

While part of the issue was her lack of computer savvy, her complaint about her format not appearing in the drop-down box on the comment page appears valid. The page does not give options to someone having problems (such as alternative submission options). Do either of you know where I can address that issue?

Thank you very much,

Holly
