~~International Agency - Controlled Information~~

Good Morning Bill/Geoffrey:

The International Atomic Energy Agency (IAEA) has notified us that two of their staff members plan to be at BWXT, (b)(4) down blending area, for their routine inspection activities January 11-13, 2006. 4

NSIR has drafted a letter to BWXT Attn: Mike Suwala) notifying them of the IAEA inspection and the name of the IAEA staff who will be at BWXT. I will fax a copy of this letter to Don Cutchin (the BWXT point of contact for IAEA activities) for information when the letter has been signed.

Geoffrey: Would you check you schedule and see if you could (b)(4) to the IAEA Wednesday January 11th? Please contact the BWXT representative (Don Cutchin 522-5186) and let him know of you can perform this function. Ex 4

At this time, no NSIR staff are planning to be at BWXT for this IAEA visit.

Please contact me if you desire any additional information or discuss IAEA activities.

Thank you
 Brian Horn
