Re: Amendment Request to NRC Radioactive Material License No. 24-32558-01 – Changing
Radiation Safety Officer – Fred Weber, Inc.

Dear Mrs. Hueter,

Fred Weber, Inc. requests an amendment to NRC Radioactive Material License 24-32558. Fred Weber, Inc. will be changing the Radiation Safety Officer (RSO) effective May 17th, 2007. Our current RSO, Eric Olsen, is leaving the company and I will assume the duties and responsibilities as the new Radiation Safety Officer for Fred Weber, Inc. I have attached a copy of my current Troxler Nuclear Gauge Safety Training and Radiation Safety Officer Training certificates. I have 6 years of experience operating portable nuclear density gauges and have helped perform the duties required of the radiation safety officer during that time.

If you have any questions regarding this letter or the attachment, please feel free to call me at 314-344-0070 ext 248.

Sincerely,
