SUMMARY

Green wanted to know:

1. Status of renewal application

I told him it is still pending but if he wanted it expedited we would try to do so. He said this was the case since there were some changes required.

2. Wanted to know if he could get approval for a one time only disposal of some tritium liquid waste by incineration. I told Mr. Green that he should discuss this with the State first & get their concurrence and then send his request to us.

I sent Green a copy of our latest Incineration Guide.

ACTION REQUIRED

None until amendment request is received but to give renewal application some priority.
