Professional Summary

Ms. Wurtz has over 7 years of combined geotechnical and environmental experience. Geotechnical duties included the management of an ASTM/AASHTO accredited geotechnical laboratory, which entailed calibration, documentation, and periodic verification by regulatory agencies. Ms. Wurtz supervised technicians performing soil and rock classification, moisture/density relationships, Atterberg Limits, sieve analysis, and concrete compression strength test. Field experience includes monitoring and testing of fill placement, and testing of concrete and asphaltic concrete for commercial and residential developments. She has also completed numerous Phase I and II environmental site assessments.

Project Experience

Ms. Wurtz has provided construction laboratory and field and geotechnical laboratory services for numerous Midwest projects, including the following:

- Sam's Club, Kirkwood, Missouri.
- FedEx Distribution Center, Overland, Missouri.
- Wal-Mart, Marion, Illinois.
- Lowe's Home Center, West Des Moines, Iowa.
- Parking Garages for Maritz, Inc., Fenton, Missouri.
- Rosedale, Homefield and Austin Ridge residential developments in St. Charles County.
