Re: Control No. 140530

Dear Ms. Henderson,

I'm writing as a follow up to our June 28, 2007 letter requesting removal of intravascular brachytherapy from our license. In this letter we stated that we would fax to you confirmation that the Sr-90 sources used for intravascular brachytherapy were received by the manufacturer.

Attached, please find a letter from Best Vascular confirming that they are in receipt of our sources.

If you have any questions please contact Mr. Liddington at 1-800-446-7622 ext. 2.

Sincerely,

A handwritten signature in cursive script that reads "Lisa Dutterer".

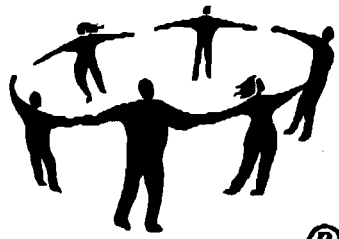

Lisa Dutterer
