Subject: July 6 2007 FOIA Request for Riverkeeper, Inc.

Case No.: 2007-0243
Date Rec'd: 07-6-07
Specialist: Brown
Related Case: _____

I am hereby requesting copies of the most up to date, complete Final Safety Analysis Reports for Indian Point 2 and Indian Point 3, including but not limited to all Tables, Figures and Appendices.

In previously released versions of the IP2 (Rev. 16) and IP3 (Yr. 2000 Rev.) FSARs from the Public Document Room, numerous sections, Figures and Tables are missing or redacted without clear notation as to the reason for the redaction. Please release all previously expurgated sections of the FSARs for these two reactors.

Riverkeeper is requesting the complete FSARs for Indian Point 2 and 3 as part of our preparation to file a petition to intervene in the license renewal proceeding for Indian Point. Our ability to review the complete FSARs is critical to preparing admissible contentions.

Please address all correspondence in this matter to me, at the mailing address given below.

Thank you,

Phillip Musegaas
