NRC Freedom of Information Act and Privacy Act (FOIA/PA) Officer

U.S. Nuclear Regulatory Commission

Mail Stop T5-F11

Washington, D.C. 20555-0001

Re: Freedom of Information Act Request

Dear Madam or Sir:

This is a Freedom of Information Act ("FOIA") request submitted pursuant to 10 C.F.R. 9.23. This request pertains to a May 21, 2007 meeting between the Nuclear Regulatory Commission staff and AREVA NC, Inc. to discuss AREVA's plans to develop a commercial gas centrifuge uranium enrichment plant in the United States (the "AREVA NC project"). Specifically, we request copies of the following materials:

1. An unredacted version of the NRC's meeting summary for the May 21, 2007 meeting.
2. An unredacted version of presentation materials used during the meeting by AREVA or NRC.
3. Any additional submittals, correspondence or other documents related to the AREVA NC project created subsequent to the May 21, 2007 meeting.
4. Any and all correspondence, documents, memoranda, records of teleconferences, and other materials related to the AREVA NC project that were submitted or created between December 1, 2006 and the May 21, 2007 meeting.

The NRC has released a non-proprietary version of the meeting summary dated June 21, 2007 (Accession No. ML071720019), which lists two enclosures: a proprietary meeting summary and non-proprietary presentation slides.

We would appreciate your prompt response within ten working days of the receipt of this request, as provided by NRC regulation. To expedite your response, you may provide partial responses when relevant information has been collected. We agree to pay all reasonable fees as required under 10 C.F.R. 9.33, however, please contact us if costs will exceed \$500 or if you have any questions.

Sincerely,

Jon Opdyke
