Dear Mr. Stephen Hammann:

Mr. Bryan Parker, Health Physicist at the USNRS Atlanta office, has advised us that in order to have our license updated that we need to request the RSO change.

In regard to the NRC license, please note that under Conditions, paragraph 11, Timothy Stiller's name needs to be replaced with Todd Adkins.

We are providing the Certificates of Training in Radiation Safety Officer with DOT Option and DOT & NRC Requirements for Shipping and Receiving Radioactive Materials along with Todd Adkins' resume.

I have reviewed the amendment request and I concur in the statements and representations contained therein.

Please re-issue the License to reflect the above mentioned changes.

Sincerely,

George D. Schneickert
