Subject: Records Request - Oyster Creek Station

Mr. Wrona,

Please accept this e-mail communication as the US Coast Guard's response to Mr. Pao-Tsin Kuo's letter of 12 July 07. In that letter, the Nuclear Regulatory Commission requested all pertinent documents the Coast Guard may possess that could be added to the consolidated record regarding the federal consistency review for the license renewal of Oyster Creek Nuclear Generating Station (Program File No. 1500-02-0004.4 CDT06001.) Upon receiving the request, my office asked both Coast Guard HQ and field client program offices to examine their files for responsive records and none were located.

Should you require further information from the Coast Guard, please contact LT Frank Nolan of my office. He can be reached at 202-372-3800.

Sincerely,

Tom Hayes
