Subject: Change of Address

(NOTE: This will be used as the  
Documents Title in ADAMS)

Summary: The licensee requested to change the name and mailing address on the license. It was not clear if the address of storage location was also needed to be changed. I called the licensee to verify if they wanted to change the storage location also, and if so, they needed to submit final surveys of the storage location (The last inspection documented that the licensee did not possess or store any licensed material at their Reston, VA facility). The RSO again confirmed that they have not stored any licensed material at the Reston facility and they are working only at the US Army facility in Fort Huachuc, AZ.

I requested the RSO to provide the following:

1. All future correspondence is to be signed by a company manager (President, Vice President, or CEO)
2. Need to certify in writing that they did not store any material at their facility in Reston
3. If no material is to be stored at their Reston facility, then either remove the facility from the license and include the Fort Huachuca storage location.

He will have the letter sent soon. Gave him fax # & control #
