Re: NRC license 24-18968-01 amendment

Dear James:

In accordance with NRC regulation 35.14 (a), this is a notification that the following change to License No. 24-18968-01 has been made:

- Add Heather V Garrett, MD as a 35.100, 35.200, and 35.300 AU to the license.

A copy of the letter from the American Board of Radiology which confirmed the certificate status is enclosed for your reference.

Please direct questions to Andy A Zhu, PhD at (314) 348-9601 should you need further information regarding this amendment for NRC License No. 24-18968-01.

Sincerely,

Jill M. Skyles  
Vice President  
Barnes Jewish St. Peters Hospital

Heather V. Garrett, MD  
 4406 Arsenal St  
 St. Louis, MO 63116

Dear Dr. Garrett:

I am pleased to inform you that you passed the oral examination held on June 3-6, 2007. The American Board of Radiology grants you its Certificate in Diagnostic Radiology. This is a ten-year time-limited certificate. In addition, because you received the appropriate training to make you AU-Eligible and passed the NRC-related portions of the nuclear medicine section, you will receive the AU-Eligible designation on your certificate.

The certificate will be sent to the above address in approximately three months from our printer, Jim Henry, Inc. Your name will appear on the certificate as shown above. If you wish your name to appear differently or you have an address change, please notify the Board office in writing by July 15, 2007. Your name and demographic information will be included in a Directory published by the American Board of Medical Specialties. It is your responsibility to notify other local and state or national organizations of your certification.

Important information about your Maintenance of Certification process is enclosed. Please review it and respond as requested.

Personally and on behalf of the Board of Trustees of The American Board of Radiology, I wish to congratulate you for this distinguished achievement. You have accomplished one of the most significant milestones in your career.

Sincerely,

Robert R. Hattery, MD
