Re: OPDES Permit OK0000191
Sequoyah Fuels Corporation

Dear Ms. Nambiar:

Please find enclosed the original and one copy of a page correction for the completed Discharge Monitoring Report (DMR) for the subject period June 1 through June 30, 2007, for Sequoyah Fuels Corporation. There were two exceedances of the nitrate limit during this monitoring period. The source of the nitrate causing the exceedances and the actions being taken were described in the cover letter submitted with last months DMR. SFC plans to take corrective action as soon as the rains decrease and water can be managed.

If you have any questions or require further information, you may contact Scott Munson, Environmental Manager, at 918/489-5511 (Extension 20).

Sincerely,

Craig L. Harlin, Director
Regulatory Affairs
