Subject: Electronic Submittals Packing Slip Tool

Project Number: 689

Dear Mr. Golshan:

We appreciate the efforts of the Office of Information Services to include the industry's perspectives in the development of the packing slip tool for electronic submittals. We believe that our interactions resulted in a better product and have helped us to make informed decisions about file structures and names in preparation for the COLA submittals.

NEI received and distributed the revised version of the packing slip last week. This tool meets the industry requirements and we look forward to its application in the coming months. We will let you know if we have any questions or issues as we utilize the tool for our COLAs.

If you have any questions regarding this letter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Leslie C. Kass". The signature is written in a cursive, flowing style.

Leslie C. Kass
