

August 8, 2007

Mr. Christopher M. Crane
President and Chief Nuclear Officer
Exelon Nuclear
Exelon Generation Company, LLC
4300 Winfield Road
Warrenville, IL 60555

Dear Mr. Crane:

In a telephone conversation on July 5, 2007, between Mr. M. Bielby and Mr. C. Moore, NRC Examiners, and Mr. S. Gackstetter, Operations Training, arrangements were made for the administration of licensing examinations at the Byron Station the weeks of May 19 and May 26, 2008. In addition, the NRC will make an examination validation visit to your facility the week of April 28, 2008.

The NRC will prepare the examinations based on the guidelines in Revision 9 of NUREG-1021, "Operator Licensing Examination Standards for Power Reactors." Your staff will be given the opportunity to review the examinations during the week of April 7, 2008.

To meet the above schedule, it will be necessary for your staff to furnish the reference materials identified in Attachment 2 to ES-201 by August 30, 2007. We request that any personal, proprietary, sensitive unclassified, or safeguards information in your response be contained in a separate enclosure and appropriately marked. Any delay in receiving the required reference materials, or the submittal of inadequate or incomplete materials, may cause the examinations to be rescheduled.

Thank you for your cooperation in this matter. Mr. S. Gackstetter has been advised of the policies and guidelines referenced in this letter. If you have any questions regarding the NRC's examination procedures and guidelines, please contact Mr. Michael Bielby at 630-829-9762, Mr. Carl Moore at 630-829-9732, or me at 630-829-9707.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records System (PARS) component of NRC's Agencywide Documents

C. Crane
