Forecast **Burke, Columbia,**
Zones **Lincoln, McDuffie,**
affected: **Richmond**

Description:

An ice storm developed over the CSRA late Sunday night and Monday and produced 1/4-3/4 inch of ice. The heaviest ice accumulations occurred in Lincoln, Columbia, and McDuffie counties. Many trees and powerlines were down causing scattered power outages. About 100,000 homes were without power for several days. Four people were injured in traffic related accidents and one person was killed in Loncoln county when a tree fell on his vehicle.

Map of Counties

Forecast **Burke, Columbia,**
Zones **Lincoln, McDuffie,**
affected: **Richmond**

Description:

An ice storm started late Friday night and continued off and on through Saturday night. Most areas received a quarter of an inch of ice on trees and other structures. Some areas received a quarter to a half an inch of ice. These areas had some power outages which were of short duration. Overpasses and bridges iced up but ground temperatures of roadways kept the rain from freezing on them. Still, there were many accidents from people losing control when driving over the bridges and overpasses.
