SUBJECT: CENTRAL CONNECTICUT CARDIOLOGISTS, L.L.C., REQUEST FOR
ADDITIONAL INFORMATION CONCERNING APPLICATION FOR
AMENDMENT TO LICENSE, CONTROL NO. 140836

Dear Dr. Ciafone:

This is in reference to your letter dated June 28, 2007, requesting to amend Nuclear Regulatory Commission License No. 06-27909-01 and to the telephone discussion on August 15, 2007, between myself and Mrs. Leslye Lacrafta, your office manager. In order to continue our review, we need the following additional information:

In your June 28, 2007, letter you requested that John Scott Galle, M.D. be approved for and listed on your license as an authorized user for procedures under 10 CFR 35.200. You enclosed a copy of his board certification but the regulations also require that a preceptor attestation statement be included. Enclosed is a copy of NRC Form 313a(AUD). You need to complete the top portion of page 1 including checking off the Board Certification statement and all of Part 2 that applies.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 140836. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5075.
