Docket No.: 03012235
Control No.: 140712

Dear Mr. Taylor:

I am currently reviewing the letter we received from Colleen Cohn, Assistant Vice President for Professional Services, Inova Fairfax Hospital dated June 16, 2007. This letter is requesting to add several Authorized Users and Authorized Medical Physicists. In order to process this request I need to obtain some additional information from you.

1. Please submit a written preceptor attestation for the following individuals: Kambiz Yazdani M.D., Gautam Ramakrishna M.D., Todd Gregg Matros M.D., John Y. Sunew M.D., Todd Cory Pulerwitz M.D..
2. For Mark Vives M.D., please fill out and submit a form 313A (AUD) or please submit proof of Board Certification.
3. For Khalid Abousy M.D., the Virginia License which was submitted did not list Dr. Abousy by name. Please submit either an Agreement State or NRC License listing Dr. Abousy as an Authorized User for 35.100 and 35.200, or a form 313A (AUD) for an Authorized User or Board Certification, and preceptor attestation.
4. For Gopal Bajaj M.D., we can only accept American Board of Radiology Certification from 2007 forward. Since Dr. Bajaj's Certification is from 2006 we will need you to submit a Form 313A and a preceptor attestation. Also you will need to submit proof of vendor training for 35.600 and 35.1000.
5. a. For Joshua Petit, M.D., With regards to 35.300 Dr. Petit only qualifies for 35.392. The Radiation Oncology Record Report sent to us, show only 2 I-131 oral administrations in quantities greater than 1.22 GBq (33 mCi). NRC regulations require at least 3 be preformed (35.394). Also it shows only 2 parenteral administrations of unsealed byproduct material. At least three cases preformed are also required for 35.396. Please submit examples of one more I-131 administration over 1.22GBq (33mCi) and 1 more case for parenteral administration on unsealed byproduct material to qualify Dr. Petit for those areas.
b. Please provide proof of vendor training for equipment used in relation to 35.600 and 35.1000.
6. For Shanjin He M.D., Please provide a written preceptor attestation and proof of vendor training.
