Subject: Transmittal of the Final Draft Moab Site Project Completion Report Appendix Packages for the Interim Millsite Remedial Action Area; Highway 191 – Phase I, Highway 191 – Phase 2; and Pond, Landfill, Decontamination Pad, and Staging Area

Dear Mr. Fliegel:

Enclosed for your review are two copies each of the Final Draft *Moab Site Project Completion Report Appendix Packages* for the four areas described above, located in the northeast area of the millsite.

Also enclosed is the white paper on “Verification Using Gamma Measurements and Soil Sampling” and revised Chapter 3.0, “Excavation Control and Verification Procedures”. The revised procedure incorporates changes to the verification procedure that utilizes gamma collected with the Gamma Scan/Global Positioning System. A “summary” description of the revision is included to explain the issue and how it was resolved.

If you have any questions, please call me on my new office number, (970) 257-2115.

Sincerely,

Donald R. Metzler
Moab Federal Project Director
