Re: IMPORTATION OF URANIUM ORE FOR USE IN EXELON GENERATION'S  
COMMERCIAL REACTORS

Dear Mr. Elrod:  
Dear Mr. Lyons:

On behalf of the U.S. Nuclear Regulatory Commission (NRC) and in response to your letter dated August 17, 2007, I confirm that: (1) NRC is the U.S. government agency responsible for licensing imports of source, special nuclear and byproduct materials in accordance the regulatory requirements in 10 CFR Part 110; (2) Exelon Generation is currently licensed by NRC to operate several nuclear power reactors and to possess and use uranium as fuel in these facilities; and (3) the NRC licenses issued to Exelon Generation authorize operation of nuclear power reactors and use of uranium fuel solely for peaceful purposes, namely electricity generation.

Please contact me should you have questions or require additional information.

Sincerely,
