11555 Rockville Pike
Rockville, MD 20852-2738

Docket: 50-288
Subject: Security Commitments

On July 17, 2007, Reed College submitted a revised Physical Security Plan for the Reed Research Reactor. The Plan updated the existing plan and incorporated the pertinent security commitments made by Reed College in 1) the Site Specific Compensatory Measures Implementation Plan dated May 2, 2005, and 2) the Response to Security Event in May 2005 letter, dated June 7, 2005.

Since the new Physical Security Plan is in effect, we request that our commitments under the two referenced letters be lifted. Applicable aspects are now covered in the Physical Security Plan.

Please contact me with any questions.

Regards,

Stephen G. Frantz
Reactor Director
