Hi Allen, Sorry for the gap in our communications, but I was wondering if the initial files made it. I recall that you are happy with your base map and only needed certain specific data? I am in the DC area until Tuesday and will send an email once behind the GIS machine in Alabama.
Best regards, Ron

Hello Ron,

Any idea when you'll be sending more data, such as the fracture trace analysis and electronic imaging data?

Hi Allen, Let's start here. There have been any number of map datum applied to JPG. I would begin with NAD 1927 UTM zone 16N in meters with your initial layer and go from there. I am sure we will have to make adjustments as we go. Later, Ron
