SUBJECT: FRANKFORD HEALTH SYSTEM, LICENSE AMENDMENT, CONTROL NO.
140696

Dear Mr. Powell:

This refers to your license amendment request. Enclosed with this letter is the amended license. Please note that 35.100 authorization was not included for Dr. Fineman and Dr. Graber. This authorization was removed from your NRC license during Amendment No. 43. Also note that Dr. Graber was listed as an Authorized User on Ohio Radioactive Material License Number 021-206-100-06, which was issued after NRC License Number 34-16710-01 was transferred to the State of Ohio in 1999, once they achieved Agreement State status.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).

Thank you for your cooperation.

Sincerely,
