License Renewal Application Boundary Drawings

Reference: L-07-113, "License Renewal Application," dated August 27, 2007.

By the referenced letter, FirstEnergy Nuclear Operating Company (FENOC) submitted the License Renewal Application for Beaver Valley Power Station, Unit 1 and Unit 2. The Application references boundary drawings used in the scoping phase of the license renewal project. Enclosed is a copy of the boundary drawing index and the boundary drawings, which are provided to aid the NRC Staff in the review of the License Renewal Application. A compact disk containing an electronic copy of the drawings is also provided to facilitate NRC review.

No new regulatory commitments are contained in this submittal. If there are any questions, or if additional information is required, please contact Mr. Clifford Custer, Fleet License Renewal Project Manager, at 724-682-7139.

Sincerely,

Peter P. Sena III
