Mark--we are ready to submit the report for final USGS approval, but wanted to check and see if any NRC comments will be submitted?

Re: Report

John:

We are in the process of reviewing the entire Draft EIS for the Plant Vogtle ESP site so the USGS document review will not be finished this week. We'll try to get it done by the end of next week.

Mark--I wanted to check on the status of the NRC review of our
ground-water modeling report. We have completed much of the USGS
review
and need to incorporate your comments prior to submittal for final
USGS

approval.

When do you think NRC will complete its review?
