Dave,

Is the reference list attached as Appendix C not sufficient for his review? I have what the Section 2.5 reviewers gave me but it is not in really good shape, that is why we create an Appendix C so that we can format the references that we receive so that they make sense. Let me know if Appendix C will suffice.

Christian,

The ACNW&M member who is helping the ACRS with the review of the Vogtle ESP application (Bill Hinze) asked if he could receive a list of the references that go with section 2.5. He said that checking the references is an important part of his review. Perhaps your reviewers could provide these to me. Thanks,

Dave

P.S. I appreciate getting the SER this week.
