Park is not on the Vogtle Plant site property. It is near the site and posted for power company employee use only. The property is owned by Georgia Power Company. The emergency plan has evacuation actions for the recreation park. For the evacuation plan the park would be considered part of the plant population. Subject: Question on Recreational Park

Jim,

In Part 5 of the Vogtle ESP application (Section E.1, Notification of VEGP Personnel) refers to the "Plant Vogtle Recreational Park." Where and what is this park, and is it considered part of the site population for purposes of evacuation? Also, how is this park considered in the evacuation time estimate?
